

I. READING

Tessa lives in a small village near Norwich, in the east of England. Her dad is an engineer, and her mum is a teacher in a primary school in Norwich. Last year Tessa's dad got the chance to work in Australia, so the family spent a year in Sydney. It was very interesting, because Sydney is so different from Norwich. It's a bigger city and much more modern. The weather in Australia is usually much better than in Britain. Tessa spent a lot of free time on the famous Bondi Beach. The wildlife is fantastic! The Australian animals are very different from home. Tessa saw hundreds of kangaroos, but she liked koala bears and platypuses best. She knows that crocodiles live in Australia, but she didn't see any.

Helen's family went on holiday to Italy in August. The weather was fantastic – hot and sunny.

They visited beautiful cities: Rome, Florence, Venice and Naples. They spent a lot of time on the beach in Rimini. Helen swam in the sea and built sand castles.

Last winter, in February, Helen went skiing to France.

Helen's family live in Birmingham in the centre of England. Her parents work in a bank.

Kevin's family arrived in England three years ago from Africa. His parents are workers in a car factory. They can't afford to go on holiday abroad. They live in the suburbs of Manchester. Last summer Kevin went on a week holiday to Liverpool. The city is famous for the Beatles – an excellent British rock group. Kevin saw the homes of the Beatles and their museum. The group was very popular all over the world in the 1960s. Kevin is keen on their songs.

Irina lives in Moscow. Her parents are journalists. Last summer Irina went to New York to improve her English in a language school. She was in a class with eight students. They were from different countries: Japan, China, Poland, Switzerland, Brazil, Ukraine and Argentina. The only language they could communicate was English.

New York is very big, very exciting but very expensive! It was easy to travel by subway which was quite cheap. Her favourite place was Central Park, where she went jogging every day. Irina's course lasted two months. Her English is much better now.
